Trainer Social Campaign Product Update

Product Overview

Bright.Blue will offer a new campaign product to sell alongside product placement in gyms.
This campaign product will be sold through the trusted advisor network of trainers.

Product Components

1. Quote generator for campaigns
2. Results dashboard
3. Campaign management dashboard
4. Campaign tracking and reporting

Product Sales

Sold via the quote generator alongside current product placement in gyms.

Product Delivery

The trainer app will include an alert system to notify trainers about campaign opportunities.
Trainers can sign up directly in-app, receive campaign details, and begin delivery based on campaign requirements.

Technology to Develop

1. Quote generator
2. Results dashboard
3. Campaign management dashboard
4. Campaign tracking and reporting

Campaign Structure

Component	Description
Duration	Campaign runtime (e.g., 1 month)
Customer	Brand sponsor
KPIs	Delivery, compliance, reach, engagement, and action metrics
Budget	Total campaign budget
Trainer Compensation	Payment per approved post
Bright.Blue Compensation	Platform fee / share of campaign budget

---

Risk Controls and Improvements (v2)

1) Contract KPI Framework (Pass/Fail)

Delivery KPIs (Contractual)

KPI	Target	Minimum Pass	Make-Good Trigger
Posts Delivered	100	95	<95 delivered posts
On-Time Posting	98%	95%	<95% on-time posts
Tag Inclusion	100%	98%	<98% tag compliance
Approved Creative Usage	100%	98%	<98% approved creative
Trainer Eligibility (10k+ followers)	100%	95%	<95% eligible trainers

Performance KPIs (Optimization)

KPI	Target	Watch Threshold	Escalation
Avg Views per Post	1,500+	<1,000	creative + trainer swap
Engagement Rate	4.0%+	<3.0%	content refresh + format test
CTR	1.2%+	<0.8%	CTA and landing-page update
Share + Save Rate	1.0%+	<0.7%	hook/creative rework

Business KPIs (Commercial Outcome)

KPI	Target	Minimum Pass	Review Trigger
Event/Product Intent Actions	Campaign-specific	Defined at quote	<80% of quoted target
Cost per Click (CPC)	<= quoted benchmark	+20% variance	pricing and delivery review
Cost per Intent Action	<= quoted benchmark	+20% variance	audience and offer review

2) Attribution and Measurement Specification

- **Tracking Standard:** Every campaign uses UTM links + unique QR per campaign and per trainer.
- **Attribution Window:** Default 7-day click / 1-day view.
- **Deduplication Rule:** Last non-direct click within window.
- **Source of Truth:** Bright.Blue campaign results dashboard export.
- **Event Taxonomy:** `impression`, `view`, `engagement`, `click`, `intent_action`, `conversion`.
- **Required Fields:** campaign ID, trainer ID, creative ID, platform, timestamp, geo, link ID, result event.

3) Commercial Guardrails (Underdelivery + Make-Goods)

- **Budget Template (GBP20,000 example):**
  - Trainer Compensation Pool: GBP10,000
  - Bright.Blue Platform Fee: GBP10,000
- **Underdelivery Credit:** For contractual KPI misses, apply credit equal to undelivered value.
- **Make-Good Options:** Replacement posts, bonus placements, or future campaign credit.
- **Overdelivery Rule:** Overdelivery may be applied as value-add but not billed unless pre-approved in SOW.
- **Change Control:** Mid-campaign scope changes require written customer approval.

4) Compliance and Brand Safety Controls

- **Disclosure:** Paid partnership labeling must comply with ASA/CAP and platform rules.
- **Creative Rights:** Only approved assets with documented usage rights.
- **Brand Safety:** Restricted topics, prohibited claims, and competitor exclusions defined in brief.
- **Review Gate:** Pre-publish creative approval required before campaign goes live.
- **Audit Trail:** Store approval timestamps, versions, and trainer post evidence.

5) Operating SLA and Workflow

Phase	Owner	SLA
Brief Intake + KPI Lock	Sales + Customer	2 business days
Trainer Matching	Ops	2 business days
Creative Approval	Brand + Bright.Blue	3 business days
Campaign Go-Live Setup	Ops + Product	1 business day
Mid-Campaign Optimization	Ops + Analytics	Weekly cadence
Final Reporting Pack	Analytics	5 business days post-campaign

- **Late Post Rule:** Auto-reassign after 12-hour miss on scheduled post window.
- **Quality Control:** Daily compliance checks during live campaign.
- **Escalation Path:** Ops -> Sales Lead -> Account Owner.

6) Trainer Tiering and Compensation Logic

Tier	Follower Range	Base Pay/Post	Bonus Eligibility

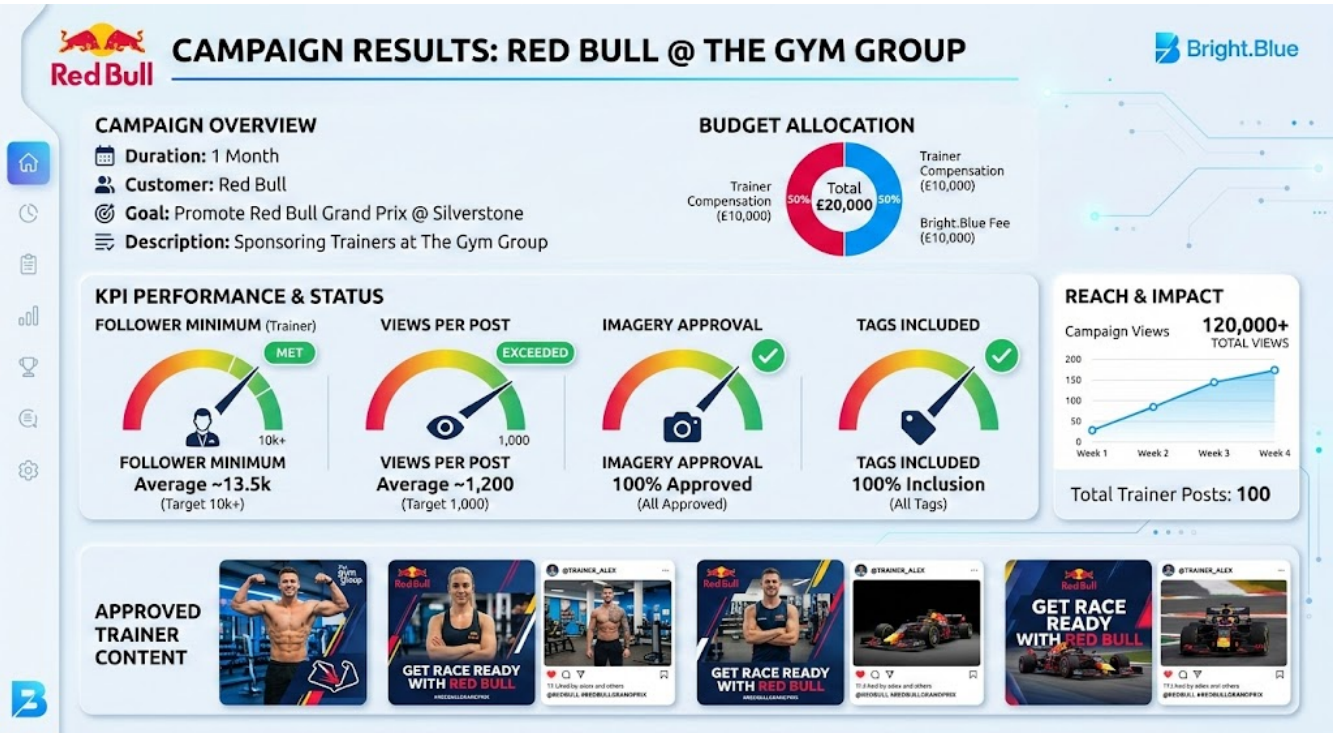
Starter	10k-25k	GBP100	Compliance bonus only
Growth	25k-75k	GBP125	Compliance + performance bonus
Elite	75k+	GBP150	Compliance + performance + premium campaign bonus

- **Compliance Bonus:** +10% for full campaign compliance.
- **Performance Bonus:** +10-20% for exceeding agreed CTR or intent targets.
- **Penalty Rule:** Repeated non-compliance reduces tier access.

7) Dashboard Reporting Schema (Minimum)

- **Delivery Tab:** posts planned vs delivered, on-time %, compliance %
- **Performance Tab:** views, ER, shares/saves, CTR by trainer + creative
- **Business Outcomes Tab:** intent actions, conversions, CPC, CPA
- **Finance Tab:** budget pacing, trainer payout totals, platform fee, make-good/credit log
- **Export:** PDF summary + CSV event-level export

Campaign Examples



Campaign 1: Red Bull x The Gym Group (Red Bull Grand Prix @ Silverstone)

- **Duration:** 1 month
- **Customer:** Red Bull
- **KPIs:** 1,000 views per post, 10,000 minimum trainer followers, tag included in post, approved imagery used
- **Budget:** £20,000

- **Description:** Red Bull sponsors trainers to promote the Red Bull Grand Prix event at Silverstone
- **Trainer Compensation:** £100 per post
- **Bright.Blue Compensation:** 50% of total campaign budget

Campaign 2: Huel x The Gym Group (Huel Product Promotion)

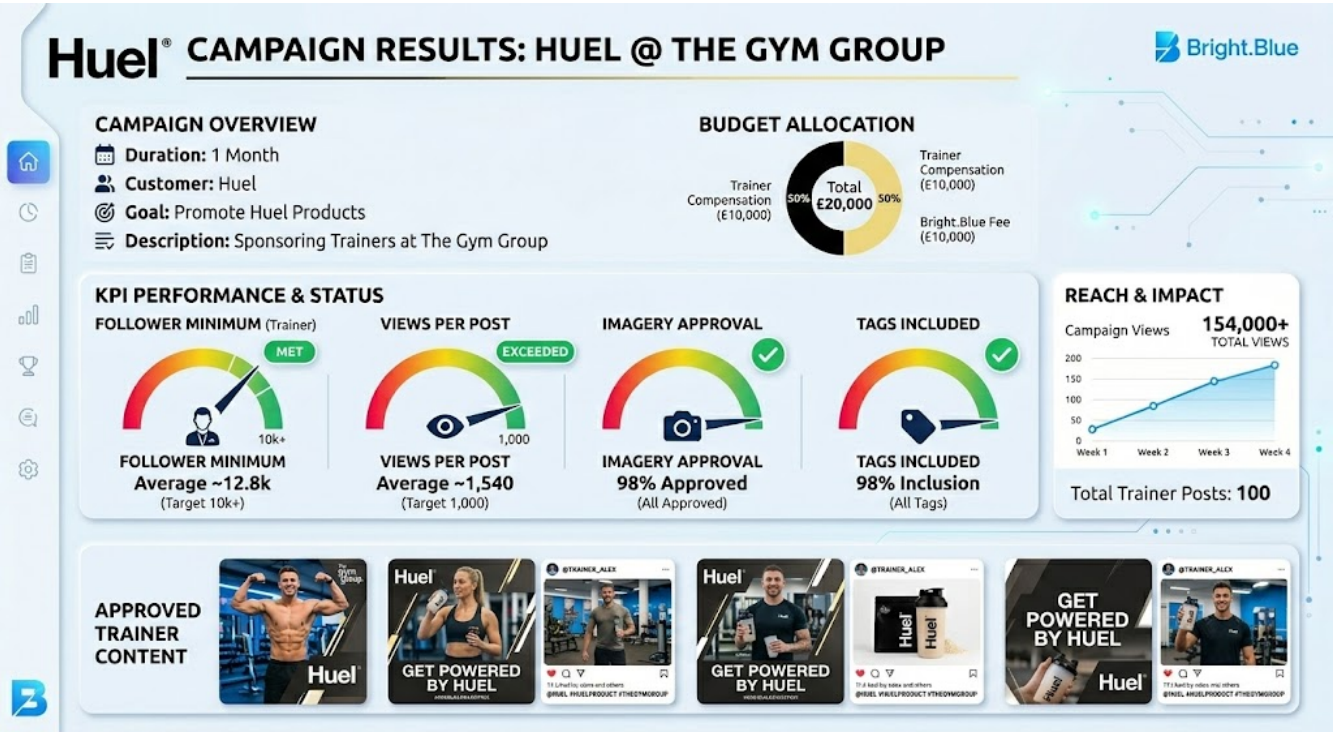
- **Duration:** 1 month
- **Customer:** Huel
- **KPIs:** 1,000 views per post, 10,000 minimum trainer followers, tag included in post, approved imagery used
- **Budget:** £20,000
- **Description:** Huel sponsors trainers to promote Huel products
- **Trainer Compensation:** £100 per post
- **Bright.Blue Compensation:** 50% of total campaign budget

Campaign Results

Campaign 1 Results (Red Bull Grand Prix Event - Silverstone)

KPI	Result
Posts Delivered	100 (100% of plan at GBP100 per post)
Trainer Compliance	97% (tag + approved imagery + follower threshold check)
Total Views	168,000
Average Views per Post	1,680 (vs 1,000 KPI minimum)
Engagements (Likes + Comments + Shares + Saves)	7,640
Engagement Rate	4.55%
Shares + Saves	2,190 (1.30% of total views)
Comments	940 (0.56% of total views)
Link Clicks / Event Landing Page Visits	2,140 (CTR 1.27%)
Event Intent Actions (ticket interest / registration clicks)	482 (22.5% of clicks)
Campaign Spend	GBP20,000
Cost per 1,000 Views (CPM)	GBP119.05
Cost per Engagement (CPE)	GBP2.62
Cost per Click (CPC)	GBP9.35

Outcome Summary: Campaign exceeded delivery and view KPIs, generated strong awareness, and produced measurable event-intent actions.



Campaign 2 Results (Huel Product Promotion)

KPI	Result
Posts Delivered	100 (100% of plan at GBP100 per post)
Trainer Compliance	98% (tag + approved imagery + follower threshold check)
Total Views	154,000
Average Views per Post	1,540 (vs 1,000 KPI minimum)
Engagements (Likes + Comments + Shares + Saves)	6,930
Engagement Rate	4.50%
Shares + Saves	2,010 (1.31% of total views)
Comments	820 (0.53% of total views)
Link Clicks / Product Landing Visits	2,470 (CTR 1.60%)
Product Intent Actions (trial signup / add-to-cart / sample request)	398 (16.1% of clicks)
Campaign Spend	GBP20,000
Cost per 1,000 Views (CPM)	GBP129.87
Cost per Engagement (CPE)	GBP2.89
Cost per Click (CPC)	GBP8.10

Outcome Summary: Campaign beat core delivery KPIs and drove stronger lower-funnel traffic, with clear product-

intent activity for follow-up conversion.
